

JULY 11, 2011

I had American Irrigation install decorative lighting on the front of my house, on my fence for walkway lighting and in my back gardens. Everything was put on a timer so the lights come on and go off every night at the same time. It has made a huge impact on the house and I have had many comments by neighbors on how beautiful my house and garden look. It was a very easy process with no mess and all the wiring was run underground so you don't see anything. They did a great job and I would highly recommend the American Irrigation team if you are thinking of adding lighting to your house.

A handwritten signature in black ink, appearing to be 'M. D. ...', written in a cursive style.
